

# Secure connection with a smart device

# Delivering home safety & a comfort experience

Reliable and convenient UltraSync™ lets you synchronize your ZeroWire with your day-to-day activities and create customized scenarios so that your home responds to your unique schedule.

## 1 Motion sensors

Feel even safer with added security from advanced motion sensors. For example, you can receive a push notification from the app when a sensor has been triggered.

## 2 Environmental sensors

Respond to situations quickly with sensors that detect environmental hazards, flood or freezing situations and breaking glass.

## 3 Micro door/window sensor

Know immediately if a door or window has been opened.

## 4 Smoke and heat sensors

Protect your family with one of the easiest ways to keep them safe from smoke and fire.

## 5 2-way key fob

with part- and full-arming for ease of use.

Be in control with this small, powerful device that acts like an electronic key to arm and disarm your security system.

## 7 Video camera

Indoor and outdoor video cameras monitor remote and sensitive areas to provide another layer of security.

## Touchscreen

Allows users to add up to four local and dedicated touchscreen interfaces to the ZeroWire system for comprehensive system operation.

An intuitive user interface, similar to the mobile application, reduces learning time and enhances the overall user experience.

## 8 ZeroWire

Provides a single, convenient access point for the whole home security system.

## UltraSync+ app

The UltraSync+ app provides quick and convenient access to your whole system, from virtually anywhere. Available for iOS and Android™ devices, the app turns your smartphone or tablet into a home control center in the palm of your hand.

9

## 6 Door locks

Advanced technology allows you to remotely lock and unlock your doors using a smartphone or tablet.

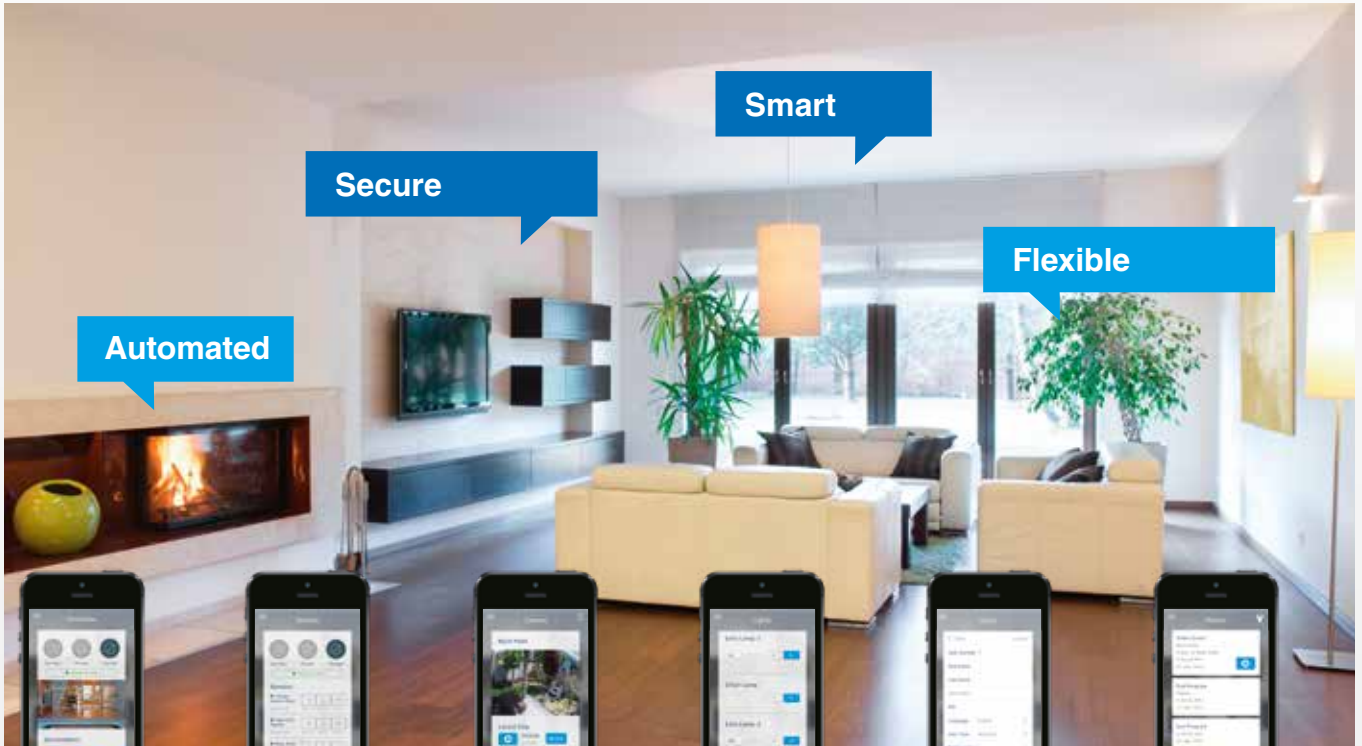

## 9 Smart devices

Remotely manage home systems like Z-wave® lights, appliances, garage doors and thermostats.

# A wealth of options

Automated

Secure

Smart

Flexible

**Arm/Disarm** your system from virtually anywhere.

View **Zone Status**, bypass sensors and control panel chime by zone.

**Live Streaming video** and event triggered video clips.
