

TruVision TVK-600 Firmware 1.1.0 Release Notes

P/N 1085-EN • REV A • ISS 04FEB22

Introduction

This is the TruVision TVK-600 Firmware 1.1.0 Release Notes document with additional information not covered in the user manual. For the latest information on the TVK-600, please visit:

EMEA: <https://firesecurityproducts.com>

Australia: <https://firesecurityproducts.com.au>

Overview

The TVK-600 is a keypad that can connect to and control supported TruVision recorders, PTZ cameras, encoders, and decoders.

Enhancement

- The firmware contains an extra submenu (DVR-By-IP Output list) in the Device Management menu for consulting and managing the IDs for the monitor outputs of the connected recorders.

Contacting support

For help installing, operating, maintaining, and troubleshooting this product, refer to this document and any other documentation provided. If you still have questions, contact us during business hours (Monday through Friday, excluding holidays).

Note: Please be ready at the equipment before calling.
