9-10947

90Deg Patress Sampling Point assembly - complete

Description

The 9-10947 is a 90 degree patress sampling point. It is supplied complete with a 27mm diameter t-union, to which the flexible sample pipe connects. The flexible sampling pipe has a diameter of 10mm and is 1m long. At the end of the flexible sampling pipe, the sampling point is connected which is mounted onto the false ceiling with two screws. Due the 90 degree connection, the sampling can be installed in false ceilings where limited space is available.
