ATS1184-MNT-33

Angled mounting plate for ATS1184, 33° degrees angle

ATS118x Installation Backplates

The ATS118x installation plate is injection moulded and has perforated holes for reader mounting. The installation plate is useful for covering socket holes when using a mullion type reader, provides more space for connections and also helps ensure reliable reading when multi-function cards are scanned. This additional space is particularly important when readers are installed upon metal surfaces.

Details

- Improves ease of entering PIN code
- Specific for ATS1184
