Product overview

Everon upgrade kit

Everon Upgrade Kit – EVN3700-MBC – ATS1125 – EVNx700-RETRO

Upgrade with confidence using the Everon Upgrade Kit, a ready-to-install package designed for a smooth and efficient transition to the Everon platform.
Unlike basic upgrade kits, this enhanced version includes a new ATS1125 keypad, making it a more complete solution for a seamless migration to Everon without the need for additional key components.

For even more robust and secure alarm transmission, GSM communication modules are available, providing reliable backup connectivity to keep your system online even if the primary network fails.
