KE-DBA-LABW-L2S

Intelligent addressable detector accessory - label L2-1 to L2-128 (small)

General

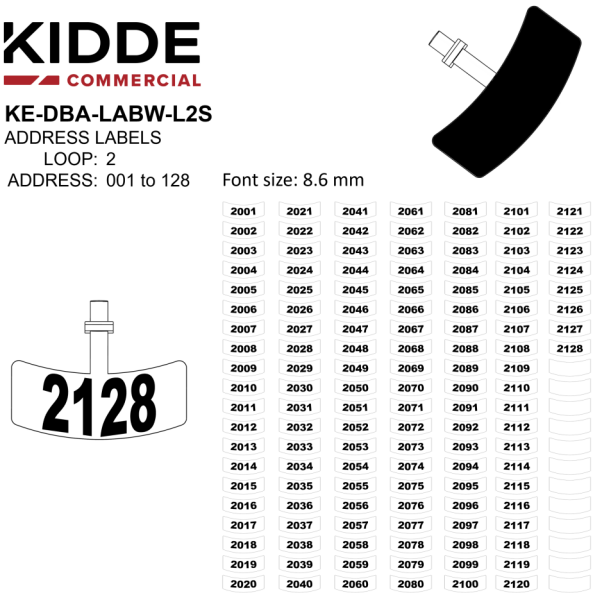

The innovative Excellence range of intelligent addressable devices offers advanced features for reliability and peace of mind. Coupled with features for ease of installation and maintenance on new fire detection systems, it's a perfect match for exceptional overall performance.

The KE-DBA-LABW-L2S is a small format, Excellence series adhesive label set. It is designed to fit perfectly on small Excellence series device tags, as well as the detector. It allows for neat and easy labeling for easy address identification with pre-printed addresses for all devices on loop 2.

Print Configuration

Pre-printed labels use a print format "LAAA" where:

L= Loop Number (1 to 4)
A= Address (1 to 128)
e.g. 2008 = loop 2 address 8

Details

- Automatic adhesive for quick placement
- Easy, aesthetic fit for clear address visibility
- Pre-printed for no-fuss application
