SCORP1001

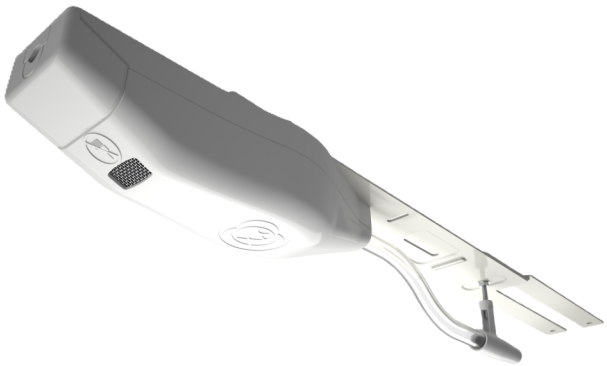

Scorpion point smoke detector tester for hard-to-access detectors

General

Scorpion is a solution for testing hard-to-access detectors. It ensures all smoke detectors can be tested at any time – regardless of location.

SCORP1001

The SCORP1001, is a Scorpion test head and mounting bracket for use with point type smoke detectors.

Details

- Universal design, suits all point type smoke detectors
- Can be retro fitted or fitted at time of install
- Ideal for lift shafts, ceiling voids, secure areas
- Clearing function enables rapid reset and reduces re-alarms
- The Scorpion head is permanently wired next to detector, but allows the test to be run from convenient, safe location.
- COMPLIANT: Ensures all detectors can be tested as required by standards
- SIMPLE: Easily test detectors in sensitive or inaccessible areas
- COST EFFECTIVE: No need for additional access equipment or third party personnel

SCORP1001

Scorpion point smoke detector tester for hard-to-access detectors

Technical specifications

Electrical

Power supply type	Batteries
Operating voltage	7.2 VDC

Physical

Physical dimensions	155 x 54 x 34 mm (Lx W x H) (without nozzle)
Net weight	<200 g (without nozzle)
Colour	White

Environmental

Vandal proof	No
Operating temperature	0°C bis 60°C
Storage temperature	-20°C to +70°C
Relative humidity	0 to 95% non-condensing
Environment	Indoor
IP rating	IP20

Regulatory

Compliancy	CE, REACH, RoHS 3, WEEE

Compatible products

Category	Reference	Description
Test Equipment	SCORP60	
Test Equipment	SCORP8000	
Test Equipment	TH013BB
