TruVision HD-TVI Analog PTZ, PAL, 1080P, 30X, DWDR, Wall Mount, CVBS & TVI Dual-Output, TVI/RS485/RS422 Control, 24VAC, IP66

Overview

The TruVision HD-TVI Analog PTZ Cameras by Interlogix® utilize the latest PTZ technology to provide powerful, cost-effective surveillance for retail, commercial and small business applications. With 1080p resolution and a 30X optical zoom (16X digital) working together, these cameras deliver crisp, clear images, even at a distance.

With advanced features, such as True Day/Night surveillance and Digital Wide Dynamic Range (DWDR) imaging, these cameras provide optimal image quality in a variety of indoor or outdoor environments. HD-TVI Analog PTZ cameras are easy to change, with wall, pendant (IR or non IR), surface or flush mounting options to meet various application needs.

These cameras are also fully programmable, with up to 256 presets, 8 preset tours, and shadow tours for end-user customization and flexibility. A 24-zone privacy-mask feature allows these cameras to block out sensitive areas, such as fitting rooms, or restricted areas. Motion detection, privacy masking and electronic image stabilization add substantial value and enhanced security to any surveillance system.
