

# PS54VDC72W-EU

## 54 VDC, 72 W output Power Supply with EU wall plug

### Overview

---

Carrier Fire & Security's wide range of power supplies provide solutions for all the majority of various applications. Available in wall format with adaptors, The power supplies can be used with all major power plugs. Solutions include both in wall and "power brick" configurations. Switching supplies include advanced technology and power savings, meeting Level V (5) International Efficiency in compliance with California Energy Commission, Energy Star and the EU Code of Conduct for external power supplies. Supplies can be mixed and matched to a variety of Carrier Fire & Security products to meet installation requirements.

### Details

---

- CE approved
- UL approved
- CSA approved
- Compact power supplies for use with PoE Switches Media Converters
- Low voltage outputs
- Models for Europe and UK region
- In line power supply

# PS54VDC72W-EU

54 VDC, 72 W output Power Supply with EU wall plug

## Technical specifications

---

### Output

Power output voltage	54 VDC
----------------------	--------

---

### Electrical

Mains input	90 to 264 VAC 47 to 63 Hz
-------------	------------------------------

---

Power plug type	EU, Jack
-----------------	----------

---

Current	1.33A
---------	-------

---

Type	In Line
------	---------

---

### Physical

Physical dimensions	49 x 115 x 30 mm
---------------------	------------------

---

Net weight	204 g
------------	-------

---

### Regulatory

EMC	CISPR 22 Class B
-----	------------------

---

EMC	EN55022 Class B
-----	-----------------

---

EMC	EN61204-3 Class B
-----	-------------------

---

EMC	FCC parts 15 Class B
