AirSense Stratos Standalone Command Module

Description

AirSense Stratos Command Module provides a single location display, control and interfacing option for systems of upto 127 detectors. Command Module allows global programming of all detector functions simultaneously.

The integral bargraph automatically displays the status of the detector with the highest alarm level to identify potential problem areas.

The PIN protected programmer enables global entry of all detector settings to significantly reduce commissioning time.

Typical Applications

- Data storage units
- Prison cells
- Plant rooms
- Air conditioning units
- Equipment racks
- Computer rooms
- Air duct protection
- Heritage property protection
- Critical equipment
- Anti-smoking enforcement
- Motor rooms

Options Available

- Addressable Protocol Interface Cards APIC™ available
- SenseNet compatible - up to 127 detectors per loop
- Remote Display units available
- Suitable for MatrixScan, a patented software system which provides virtual addressable location detection - e.g. 10 physical detectors would provide up to 45 unique addressable locations.

Details

- RS485 communications built in as standard for networking and remote communications
- Network control of 127 detectors
- Built in Short Isolators for optimum reliability

AirSense Stratos Standalone Command Module

Especificações técnicas

Geral

Indicação de estado	LED and LCD
Interface utilizador	Keypad

Elétrica

Tensão de operação	21.6 to 26.4 VDC
Consumo de corrente	250 mA

Saída

Quantidade de saídas	5 - Pre-Alarm, Alarm, Alarm2, Aux Alarm (n/o) and Fault (n/c)
Tipo de output e operação	500 mA @ 30 V

Físico

Physical dimensions	427 x 372 x 95 mm (W x H x D)
Net weight	5.2 kg
Cor	Creme
Tipo de montagem	Montagem em parede
Entradas para cabos	6 x M20
Material (body)	Policarbonato

Ambiental

Operating temperature	-10 to +60°C (EN54-20)
Humidade relativa	0 to 90% noncondensing
Environment	Interior
IP rating	IP40

Mechanical

Material	Sheet steel enclosure with plastic front cover
