

Time to renew your system?

With Kidde Commercial, it's VERY EASY!

Any evolution requires adaptation and effort.

At Kidde Commercial, we are aware of this and that is why we will make every effort to support your migration.

If you have a Kilsen system with 50 to 250 devices that needs to be renewed, we will make it easy for you:

- For an installation that can be renewed using intelligent addressable devices from the innovative Excellence series, **WE OFFER YOU** our innovative Kidde Commercial 2X-A fire panel for **FREE** and a **10% discount on the devices**.

If your Kilsen system has more than 250 devices:

- You can benefit from a **10% discount on the total installation**.

And, the most important thing is that you are not migrating alone.

We will guide and support you throughout the migration process, with many tools at your convenience, including specific software to migrate the existing Kilsen system configuration to the new Excellence Series.

Because at Kidde Commercial, we know that our true satisfaction is the satisfaction of our customers.

Who said that evolving would not be easy?

Next Steps / Support

If you need to renew your system, now is the right time!
