

Obtain optimal comfort and support at maximum security

good reasons

for choosing UltraSync™

Smart Building system

Interlogix's smart building system delivers convenient building automation that's perfectly in sync with your needs. The UltraSync™ connectivity allows you to control your building's security, comfort and accessibility. Easily and efficiently.

1

UltraSync™ provides you with an optimal, professional **service and flexibility** with different options or combinations meeting your requirements.
- benefit from the professional services of installer and central monitoring station. 24/7.
- using your mobile phone or an internet browser on your tablet or computer.

2

Being **notified** on what's happening.
UltraSync™ enables the customization of push notifications for events that may occur.

3

Compliance with **data privacy** requirements, such as GDPR.
With UltraSync™ data remains in the local device and is not stored in the cloud environment, keeping you in control of **your data**.

4

Enables **integration path for other applications**.
UltraSync™ is a flexible platform enabling 3rd party integration options.

5

Ensures an **Ultra-Secure Connection**.
Encrypted tunnel-connection makes sure the connectivity is secured at all times.

6

Supported by a wide range of **Central Monitoring Stations** throughout EMEA.
Major CMSs embracing UltraSync™ in their offering.

7

Provides you with a wide range of communication options and services: IP, cellular, ...
UltraSync™ is available in the different EN Grades, depending on the connectivity with UltraSync™; Ethernet cable, cellular connection or dual path connectivity with cellular.

8

Supported by different Interlogix **connected platforms** and solutions.
One UltraSync™ Empowered solution, multiple compatible security platforms:
Advisor Advanced, ZeroWire, xGen and NetworX.

9

Provides a **near real time data** communication. High speed of data transfer from one point in a network thanks to a high performing low-latency network.

10

Offering you Peace of Mind.
